29	Yanum / by land	Feb. 17 09	80
30	Saramiriza	Feb. 18 09	110
			2000

During our expedition, we were accompanied by the governor of the Manseriche district, Mr. Claudio Wampuch. Mr Wampuch was in charge of the distribution and had lists of every family in each village. The nets were only distributed in Indigenous villages. There are over 15 mestizo (mixed race, non indigenous) villages that did not receive nets and we hope to cover them in the next couple of years.
