Robert Mather

Dear Mr. Mather,

We have now finished distribution of the 4000 nets that were donated to Health In Harmony from Against Malaria Foundation. We greatly appreciate the generous donation from the Against Malaria Foundation, as do the communities who have received the nets. We even had one village leader complain laughingly that people are getting lazy and sleeping in because they sleep so well under their new nets. We have chosen a selection of photos and footage from each of the 7 distribution sites, as well as some staff interviews about the project and the organization. More details may be found below.

Sincerely,

Kinari Webb, MD
Founder, Health In Harmony

Materials Provided to the Against Malaria Foundation by Health in Harmony/Alam Sehat Lestari

1. CD containing pictures; 30 images from each site
2. CD containing footage from 5 mosquito net distribution sites. The sites are separated and labeled within the video.
3. CD containing footage of the rest of the mosquito net distribution sites and staff interviews
