Tanjung Bureh Town
6-12-2010

Dear Sir,

DISTRIBUTION OF BED NETS TO CENTRAL RIVER REGION (CRR) NORTH

This is principally dedicated to acknowledge receipt to you of 1800 bed nets were received on the 13th September 2010 from Basse Health center for Tanjung Bureh Health center, to be distributed to 14 villages in central River Region North in Sami District.

On the 19th September 2010, 1550 bed nets were distributed to 13 villages. Jarumeh Koto village being the largest should receive 743 Nets, but due to the fact that I had only a balance of 250 Nets, I decided to give to the children under five years and pregnant women in Jarumeh Koto and the satellite villages namely Changai, Fitu Fulla, Fitu Wollop, Kora, Jatal and Kibini Village respectively.

The above mentioned villages benefit from the reproductive and child Health care services delivered by Tanjung Bureh Health Facility.

They reside only few kilometers along side the river and swampy areas.

They are engaged in rice cultivation and animal husbandry.

Malaria is endemic in these areas through out the year. Being the case this is why I decided to include the villages mentioned above.

You could have received these results sooner, but
due to the fact that we lack materials like video
and camera, but nonetheless I apologize for any inconvenience.

Thank you for your active co-operation or participation.

Yours faithfully

Bruna Jobarte

Officer in-charge J.I.B. Health center
