The following question relates to the coverage of sleeping spaces by any nets, regardless of origin. This provides an indication of how many nets are still needed to achieve universal coverage.

Q5. What is the overall net coverage of sleeping spaces?

With nets	Without nets
58% (94)	42% (69)

■ % With nets  
■ %Without nets

## Action recommendations:

### 1. Additional malaria education

- encourage all nets to be hung. Target: 95%+
- emphasise net care
- demonstrate and remind of correct net usage
- message: all sleeping spaces covered helps them all
- involve community leaders and all community
- whole community address

### 2. Further nets required

- to achieve universal coverage/replace unusable nets

\* This survey was performed on a random sample of households to which nets were distributed. The data has been collated from each of the forms, where meaningful, and summarised above. The original documents are available upon request.
