

Summary

# of LLINS	Country	Location	When	By whom
2,100	Uganda	Kampala	Aug-Oct 2013	ACDT

Further Information

1. **Household level net-need information** (see Note 1). Do you have detailed net requirement data for all households in the distribution area? If yes, please describe the information you have and when it was collected. We will request a copy of the information at a later stage. If not, please confirm you will carry out a **Pre-Distribution Registration Survey (PDRS)** to assess, for each household in the distribution area, **the number of sleeping spaces** (for the purpose of family-sized nets) and the **number of existing LLINs** with at least one year's (estimated) use remaining? Please describe how this work will be carried out, by whom and when.

Lists provided by the receiving beneficiary groups and confirmed by the Ministry of Health NMCP.

2. **Independent supervision** (see Note 2). Please confirm you will be able to ensure there is at least one independent supervisor present at the 'moment of distribution' for all net distributions. Independent supervisors will typically be staff members of the distribution partner and/or senior and trusted members of the local government health system. Their primary role is to ensure nets are distributed in the correct quantity to beneficiaries listed and ensure a 'no show, no net' policy is carried out (beneficiaries unable to be present can collect their nets later).

Yes, I Nikki Collinson will be present at ALL the distributions.

3. **Post-Distribution Surveys** (see Note 3). Please confirm you will carry out **Post-Distribution Surveys (PDSs)**** every 6 months post-distribution for a period of up to four years to assess the level of net usage (hang-up %), correct usage and condition of the nets and you will provide us with the findings. Each survey would cover approximately 5% of households.

Yes.

4. **Malaria case rate information** (see Note 4). Please confirm you are able to provide monthly malaria case rate data going back at least 12 months for each health centre/clinic in the distribution area and will continue to provide monthly data for a period of four years post-distribution. This ensures we understand pre-distribution malaria levels and can monitor them post-distribution.

I do not have this information.

5. Please list the specific locations & villages to receive nets and the number to each? Please provide longitude/latitude information. Information by spreadsheet is likely to be appropriate.

St Gyaviira Primary School (Makindye)
Latitude: 0.279167 Longitude: 32.586389 189 Nets

Bishop Sisto Sec School (Kajjansi)
 Latitude 0.207025 Longitude: 32.540102 89 Nets
 Immaculate Heart Junior School (Kajjansi)
 Latitude 0.207025 Longitude: 32.540102 189 Nets
 St Kizito Home Care (Kajjansi)
 Latitude 0.207025 Longitude: 32.540102 52 Nets
 Jjayni Primary School (Kajjansi)
 Latitude 0.207025 Longitude: 32.540102 260 Nets
 Mother Mary Home Care (Kajjansi)
 Latitude 0.207025 Longitude: 32.540102 52 Nets
 Magejjo Primary School (Magejjo, Mpigi)
 Latitude 0.233333 Longitude: 32.333333 323 Nets
 Ndeeba Primary School (Ndeeba)
 Latitude 0.292245 Longitude: 32.565172 520 nets
 Wabigalo Primary School (Namuwongo)
 Latitude 0.311111 Longitude: 32.609722 303 Nets
 Wabilgalo Nursery (Namuwongo)
 Latitude 0.311111 Longitude 32.609722 67 Nets
 Sojourn Ministries (Namuwongo)
 Latitude 0.311111 Longitude 32.60972267 43 Nets

6. Is this an urban or rural area and how many people live in this specific area?

Urban and Semi Rural, population not known.

7. Is this a high risk malaria area for this country? If yes, why do you designate it so?

These are high risk and vulnerable groups.

8. Please confirm this distribution of nets is to achieve 'universal coverage' - all sleeping spaces covered - of the distribution area.

It is not.

9. What is the existing level of LLIN use in this area? Please provide details of the LLIN distributions that have taken place in the distribution area in the last three years, including when nets were distributed, where, in what quantities and by whom. Are there existing bednet distribution programmes in this area? A spreadsheet may be appropriate.

I do not have the details or previous distributions in this area. The distribution recipients have been allocated as groups in need/vulnerable by the NMCP in Uganda.

10. Why was the area chosen for bednet distribution and who made this decision? Please provide the name, position, organisation and contact information for the person/s making the decision.

MCP Uganda Ministry of Health:
 - Dr Peter Okui (Programme Manager)
 okuip AT yahoo.co.uk Tel: +256772415758
 - Nakamya Phellister (Co-ordinator)
 phellister AT gmail.com Tel: +256772893280

11. Have you consulted with the country's National Malaria Programme about this distribution and what was their response? Please provide the name, position and contact details of the person/s with whom you have liaised.

Distributions have been allocated directly by the NMCP in Uganda. Contact details above.

12. Please give the name and contact information for the (government) head of the district health management team for the/each area. Please ensure you include contact information.

Please see above.

13. Please confirm the nets will be distributed free-to-recipients, a requirement for us to fund nets.

Yes they will.

14. Please describe how the bednets will be distributed and by whom.

The bednets will be distributed by myself Nikki Collinson as Founder of the Africa Children's Development Trust.

15. Project Timeline. Please provide a project timeline covering pre-distribution, distribution and post-distribution activities. Please provide this in a separate document/spreadsheet.

Ideally we would like to distribute within the first 2 weeks of August 2013. October can work also.

16. Please describe all aspects of malaria education that will accompany the distribution. Please include a description of what information will be covered and who will carry out this work. Please include activities both pre-distribution and during the distribution.

During the distribution process, recipients are educated on the use of the net to ensure longevity, how to look after the net. Why they have a net and that regular checks will be carried out to ensure they are looking after the net correctly. The representative from each receiving group is educated in advance of the distribution to ensure consistency.

17. Please confirm you will send a Post-Distribution Summary when the distribution is complete.**

We confirm we will do so.

18. Please confirm you will send us, post-distribution, at least 60 digital photos per sub-distribution*, taken at the distribution/s, to be added to our website as we report on the distribution to donors.**

We confirm we will do so.

19. Please confirm you will provide at least 15 minutes of video footage from each sub-distribution. It does not need to be 'broadcast' quality and can be taken with a handheld digital video camera.**

We confirm we will do so.

20. Please provide your name, role and organisation and full contact information.

Nikki Collinson, Africa Children's Development Trust
22 The Green, Cowes, Isle of Wight, PO31 8HD

NOTES

*Sub-distributions are mutually agreed and are typically a portion of the total distribution ie A 250,000 net distribution, for photo and video reporting purposes, might be divided into 10 sub-distributions.

**Information on the provision of photos, video, Post-distribution Summary and Post-Distribution Surveys is included in the following pages. Ends—

THANK YOU!
